Discover Scuba Diving

Curious about scuba diving but not ready to commit to a full course? Try it first. A PADI® Professional will introduce you to scuba gear, explain basic skills, and guide you through your first underwater experience in a pool or calm water setting—no prior experience needed.

& Certification

Advanced Open Water Diver

Take your diving to the next level. Build confidence as you refine buoyancy, improve navigation, and experience deeper diving. Includes five adventure dives —two core (Deep and Navigation) and three of your choice.

450

Theory lessons, 5 Dives,
Equipment, Manual &
Certification

Popular options include:

Deep • Night • Wreck • Peak Performance Buoyancy • Fish ID • Underwater Navigation

Enriched Air (Nitrox) Diver

Dive longer and reduce surface intervals with Nitrox. Learn to plan and dive with enriched air—PADI's most popular specialty for a reason.
